Learn to Transform Your Classroom with  
New and Innovative Ideas!

June 11 – 15, 2012

The real world is fascinating and compelling –  
how do we empower our students to see it that way?

As teachers we nurture students' curiosity and encourage them to explore the world through reading and writing. To support this endeavor, **Metteer School has teamed with** nationally recognized **Accelerated Literacy Learning. A.L.L. consultant, Denise Leograndis, will lead this** five-day summer Writing Workshop Institute. Denise is the best-selling author of *Launching the Writing Workshop: A Step-by-Step Guide in Photographs*. This dynamic workshop includes:

- Preparing for and launching your Writing Workshop.
- Planning for writing instruction using Common Core Standards.
- Conferring with students about their writing.
- Assessing student's work based on Common Core Standards.
- Nourishing your own writing life in order to become a better teacher of writing.

*Each day will be structured to include grade level content as well as provide an opportunity for participants to work on their own piece of writing.*
